

Minutes of the Empowered Committee (EC), Export Development Fund (EDF) for North East Region (NER) meeting taken by Shri A.K. Mangotra, Additional Secretary (AS), Department of Commerce (DoC) on 15.4.2010 at 12.00 Noon in 141, Udyog Bhavan, New Delhi.

Meeting of EC, EDF for NER was held on 15.4.2010 under Chairmanship of Shri A.K. Mangotra, AS, DoC. List of participants is at **Annexure 1.**

2. AS, DoC and Chairman EC, EDF Scheme for NER emphasized the need to improve performance, in both qualitative and quantitative dimensions under the scheme. Monitoring mechanism for each project should be strengthened by involving other agencies operating in NER like North Eastern Regional Agricultural Marketing Corporation Limited (NERAMAC), North East Industrial and Technical Consultancy Organization (NEITCO) and North Eastern Development Finance Corporation Ltd. (NEDFI). Simplification of procedures like that for submission of proposal, formats for scrutiny, need and extent of techno economic evaluation, and role of State Governments amongst others, needs to be done. It was observed that less than 100 projects were sanctioned under EDF for NER since its inception in 2000-01.

3. Policy issues were taken up first for discussion. Following decisions were taken after deliberations:-

3.1 Submission of Application:

3.1.1 Applicant may submit henceforth a proposal either to Agricultural Products Export Development Authority (APEDA) (following offices) or to State Government in four copies only (as against 12 copies at present). In case any application is received in DoC, same can be redirected to APEDA.

APEDA Head Office

3rd Floor, NCUI Building,
(opp. Asiad Village)
3, Siri Institutional Area,
August Kranti Marg,
NEW DELHI – 110 016

APEDA Regional Office

Jain Complex, 3rd Floor,
Opp. Old Post Office, G.S. Road,
GUWAHATI – 781005 (Assam)

Applications received from all sources would be processed by APEDA.

3.1.2 Export Commissioner (State Official so designated) in a State Government would be nodal officer for this purpose. In case of applications received in APEDA, they may also consult the concerned State Governments.

3.1.3 State Government shall forward their comments / observations on each application to Chairman, APEDA within three months. In case no comments are received within 3 months, it would be presumed that State Government has no comments to offer and the project would be examined by APEDA. Final view can be taken by APEDA after 3 months from date of submission of application.

3.1.4 In case Institutional Finance (term loans from bank etc.) is resorted to, such applicants may not route their application through the State Government. APEDA would entertain such application directly and give their final recommendations to DoC.

3.2 **Screening format:**

EC felt that current 12 point screening format is too cumbersome. A simplified screening format (**Annexure 2**) was circulated. Current 12 point screening format would be discontinued forthwith. State Governments and APEDA may provide their comments on new simplified format (Annexure 2) by 15.5.2010 to DoC. The concepts of gap funding, present value of capital etc. may be gone into by the State Governments and their feedback sent to DoC. A final view on this would be taken thereafter in the next meeting of EDF.

3.3 **Scrutiny:**

APEDA will scrutinize applications after consulting concerned State Government where the project is self-financed by an applicant. In case of institutional - financing linkage, techno-economic feasibility as assessed by concerned banking institution, would be considered

adequate. Care may be taken to see that the FIs have been free and fair in their assessment.

3.4 Role of various agencies:

APEDA:

3.4.1 APEDA would be overall in charge of implementing the EDF scheme for NER under instructions of EC, EDF, DoC. They would examine proposals, provide necessary inputs to DoC / EC EDF and implement decisions.

3.4.2 As of now Chairman APEDA is not a member of EC, EDF. Since APEDA would be coordinating implementation, henceforth Chairman, APEDA would be a permanent invitee to meetings of EC, EDF.

3.4.3 APEDA would formulate a paper on role of other agencies / State Government in EDF scheme and submit to DoC for approval.

3.4.4 APEDA would also submit details of interest income accrued on EDF amount lying with them from the very beginning of EDF for NER

3.5 Mentoring and Monitoring of the projects:

Wide publicity needs to be given to the scheme in order to invite greater and active participation from all stakeholders including entrepreneurs. Institutions like NERAMAC, NEITCO and NEDFI could mentor promoters in preparation of viable proposals. Similarly they should be involved in monitoring. It was decided that cost of publicity, mentoring and monitoring of proposals would be met from EDF as per EC decision on a case to case basis (subject to a ceiling of 5% of EDF component under project cost including the amount payable to APEDA). Henceforth, EC, EDF would specify the monitoring agency for each project at the time of approval itself.

3.6 Guidelines for monitoring issued so far by CAPART, NABARD and NAPCONS may be looked into for finalizing monitoring MIS. (Management Information System). APEDA would develop necessary formats and would communicate to DoC by 30.6.10 (in soft copy as well). A final decision by DoC in this respect would be taken and put up in next EC, EDF meeting.

3.7 Standard Operating Procedure (SOP) Chart:

A SOP chart circulated amongst participants (as at **Annexure 3**) detailing procedures to be followed, was approved for compliance. Needless to add that projects supported by financial institutions would be preferred because of proper techno-economic appraisal.

4. Thereafter, regular agenda items were taken up and decisions were taken as under:

4.1. General Issues:

Appraisal by National Bee Board (NBB) for Honey Bee projects, which is mandatory as of now, is discontinued for all Bee related proposals forthwith.

		Financial Institution (FI)	Central Govt. / State Govt. subsidy (over & above EDF)	Self-financed
1.	Techno Economic Feasibility	By concerned FI	State Govt. / Agency and APEDA	To be assessed by APEDA in consultation with State Govt.
2.	Release of funds / Subsidy under EDF	As per Schedule of FI	Back-ended with 'No collateral' needed	Back-ended through Export Commissioner, State Govt.
3.	EDF funding Quantum	Maximum 30% from EDF subject to a subsidy ceiling of 70% from all sources and EDF put together.	Maximum 30%* from EDF subject to a subsidy ceiling of 70% from all sources and EDF put together.	Maximum 30% from EDF
4	Physical verification	FI (periodical reports to APEDA) upto repayment of loan by promoters.	State Govt. upto two years after commissioning of project.	APEDA/ DGFT/ DoC upto 2 years after commissioning of project.

*In case, the project is implemented by a Central / State PSU, ceiling for EDF subsidy can be upto 50%.

(1/2)

Explanatory note:

- (1) If the amount of EDF funding is:
 - (a) Less than Rs. 50 lacs, release would be in two installments.
Second installment would be released only after physical verification / inspection report after midway progress.
 - (b) More than Rs. 50 lacs, release would be in three installments or more.
(Each installment should not be normally more than Rs. 25 lacs).
 - (c) In case of institutional – financing linkage, lump sum release can be done while purchasing machines and equipments.

(2) **Collateral security**

In case of loan from FI, no collateral would be required by APEDA and the premium for upfront guarantee fee charged by FI would be met from EDF within the overall limit of 30%. Small Industries Development Bank of India (SIDBI) is running a scheme titled Collateral Free Credit to Micro and Small Enterprises (MSEs) on payment of upfront guarantee fee and annual service charges. (As per details attached at **Annexure 3A**)

(3) **Purchase of Machinery and Equipments**

If cost of Plant & Machinery (P&M) is less than or equal to proposed funding under EDF, EDF funds would be used for payment towards purchase of P & M and funds would be released to beneficiary on receipt of invoice and physical delivery from supplier.

(2/2)

COLLATERAL FREE CREDIT GUARANTEE SCHEME FOR MSEs

Entrepreneurs in the Micro and Small Enterprises (MSEs) sector face problems in availing finance required for their projects due to their inability to provide collateral security / third party guarantee. In order to alleviate this problem as also to facilitate increased credit flow to MSEs in the country, Credit Guarantee Fund Trust for Micro and Small Enterprises (CGTMSE) was established by Government of India and SIDBI in August 2000 to facilitate collateral free credit to this sector. CGTMSE extends guarantee for credit facility upto Rs. 1 crore extended by its Member Lending Institutions (MLIs) to MSEs (both in the manufacturing and service sector).

Under Credit Guarantee Scheme (CGS), CGTMSE shall cover credit facilities (Fund based and / or Non Fund - based) extended by MLIs to a single eligible borrower in MSEs for credit facility

- (i) upto Rs. 50 lacs (Regional Rural Banks / Financial Institutions) and
- (ii) upto Rs. 1 crore (Scheduled Commercial Banks and select Financial Institutions)

by way of term loan and / or working capital facilities. Lender should extend credit without any collateral security and / or third party guarantee. Credit facility guaranteed under the scheme carry zero percent risk weight / provision for the MLIs for the guaranteed portion.

Availing of Guarantee Cover

Entrepreneurs in the Micro and Small enterprises sector may contact any of the Members Lending Institutions are registered as MLIs of CGTMSE. All public sector banks, major private sector banks and select Regional Rural Banks (RRBs) / FIs are registered as MLIs of CGTMSE.

Proposal

It has been observed that majority of applicant seeking assistance under EDF are under MSE sector and they may be eligible to avail Credit Guarantee Scheme facility of SIDBI.

It is proposed their premium of upfront guarantee fee to entrepreneurs of MSE sector from NER taking loan for export linked projects may be subsidized from EDF scheme. Promoters seeking EDF grant with loan from financial institution also as one source of funding may avail of CGS facility.

Premium payable on account of upfront guarantee may be subsidized from EDF. However this would be subject to overall ceiling of 30% grant under EDF.
